

**VERSATILITY IN POODLES (VIP)**  
**Versatility Certificate Rules and Application**  
**Effective April 1, 2010**

**INTRODUCTION**

The Poodle is the consummate versatile dog, beloved for centuries for beauty, unique sensitivity to people, and brilliant performance in widely diverse activities. In support of the Versatile Poodle, Versatility In Poodles, Inc. established on August 5, 1994, the Versatility Award to give special recognition to Poodles who have excelled in multiple areas of achievement.

The Award has two levels: VC (Versatility Certificate) and VCX (Versatility Certificate Excellent). The VC is designed to be within the reach of most Poodles regardless of size or owner's available time or skill. The VCX requires more advanced accomplishments. These awards are Versatility In Poodles, Inc. designations, and not officially recognized by the American Kennel Club, the Canadian Kennel Club, the United Kennel Club or any other national or international kennel club.

**QUALIFICATIONS**

The Poodle qualifies for the Versatility Certificate award based upon its achievements in the categories of

- 1) Conformation
- 2) Obedience
- 3) Rally
- 4) Tracking
- 5) Agility
- 6) Hunt/Field
- 7) Working Poodle
- 8) Flyball / Scent Hurdles
- 9) Herding
- 10) Miscellaneous: canine freestyle, drafting, carting, dock dogs, trick dogs
- 11) Temperament Testing.

In addition, Health and Special Recognition points may be awarded. In line with the furtherance of the goals and aims of the Versatility In Poodles, Inc., we emphasize that the Versatile Poodle is also a healthy poodle and therefore non-performance health testing is included in the point system. There are no special Versatility In Poodles, Inc. tests required. Qualification is determined by submission of documentation to support appropriate awarding of points, as detailed in the Point Values below. Versatility Certificates can be awarded posthumously with proper documentation.

The **Versatility Certificate** requires a minimum of 10 points with one point from at least two of the eleven categories listed above. One extra point will be applied to a dog applying for the VC title that holds titles from at least four of the eleven categories listed above. The **Versatility Certificate Excellent** requires a minimum of 15 points with one point from at least four of the eleven categories. **There will be a maximum of 6 points awarded in any one category.**
